

The Ubeida UB200/UB200D Series

The UBEIDA UB200 Series is an entry level, low cost corded business headset series built for the most cost-sensitive contact centers, basic PC telephony users and VoIP calls. The UB200 series is compatible with major IP phone brands and general comms software. With noise cancellation technology to reduce back ground noise, it provides a professional customer experience on every call.

- Comfortable and Lightweight Design**

Adjustable headband and flexible goose neck microphone boom make it easy to use.

Foam ear cushions which can reduce ear pressure and make it very comfortable to wear.

- Hearing Protection**

Unique Hearing protection technology instantly removes any harmful loud sounds, which keeps the sound level in the safe range and protects users' hearing.

- Noise Cancellation**

Noise cancellation with electret condenser microphone and innovative noise cancellation technology to greatly reduce background noise.

- High-definition Sound Quality**

Wideband speakers provide high-definition sound quality.

- Great Value with High Quality**

Gone through stringent and uncompromising quality tests for intensive usage. Applying superior materials and advanced manufacturing process to make great value headsets for users who have limit budget but don't want to sacrifice the quality. The UB200 series also has a completed range of certifications.
